

ASCENDxTexas

Pathways for Our Success: Breaking Barriers & Accelerating the Space Ecosystem

29-30 MARCH 2023

South Shore Harbour Resort, Houston, TX

Throughout the year, the **ASCENDx** Series accelerates momentum toward the fall **ASCEND** apex event. **ASCENDxTexas** is an open summit bringing together a broad community of stakeholders from NASA, industry, academia, government, and private entities to help build connections into partnerships, and engage in continuous discussions on strategy, development, and implementation of our off-world exploration, national security, and commercial activities. As with all of our ASCEND events, ASCENDxTexas will focus on impactful outcomes and identifying opportunities holistically as a mission rather than a solution.

Program Overview

SHARE BEST PRACTICES, INNOVATIVE STRATEGIES, AND OPPORTUNITIES TO SUCCEED IN TODAY'S GLOBAL MARKET AND OUR OFF-WORLD FUTURE

ARTEMIS, CLPS (COMMERCIAL LUNAR PAYLOAD SERVICES), CLD (COMMERCIAL LEO DESTINATIONS), AND MORE

- Discover the evolving partnerships between all stakeholders for streamlined collaboration to achieve the common goal.
- Identify solutions to barriers, and create enhanced strategies for successful partnerships.
- Explore new players and partners that will be a part of tomorrow's space ecosystem.
- Learn how commercialization will advance, enable, and support space ecosystems, future capabilities, and long-term exploration.
- Develop the pathways forward—help start, build, and be a part of the process toward new and expanded outcomes.
